

Monthly Newsletter

THE UBUNTU INSIDER

January 25

Here's what has happened in the last month and what's to come!

Welcome back to our newsletter!

We are thrilled to share with you the latest developments in our mission to make a positive impact in our communities.

In terms of our recent activities, The ASB Christmas bazaar was a complete success allowing us to share our mission with potential mentees and further our efforts towards the Ark fundraiser at Better Me.

We continue to reach out to the local authorities regarding our Art Initiative with the hope of helping with the social integration of the migrant and refugee children population settling in Barcelona.

We have contacted the College Advisors and CAS Leaders at the Koc schools in Istanbul Turkey and look forward to introducing them to our programs in early March.

We have a new addition to our Global Art Class from beautiful India! A big welcome to the all-girls government school in Chattisgarh!

We are also excited to announce that we will be travelling to visit Better Me in Kenya Africa for the inauguration of our new sanitation block, to celebrate the partnership we have developed over the years and the 100th online art class we have most recently accomplished.

On this occasion, we will also be visiting the new orphanage being built by the AIP foundation and looking into the prospects of water tanks and a water well project,

lastly, we have just updated our Art kits which since the ASB fair have made their way to Sri Lanka and beyond!

Finally, we want to remind everyone that our work relies on the kindness and support of our friends and families. Together, we can make a real difference in the lives of those who need it most. Thank you for your continued support! Enjoy this month's newsletter!

What's Coming

As the Ubuntu Family Initiative, we have successfully kicked off our classes with the all-girls school in Chattisgarh India and are in talks with schools to launch the Water for India fundraiser beginning of February. Lets hope fo the best! This will be an important milestone in our schools for schools programs.

Stories of Impact

As part of the Ubuntu Family Initiative, we have accomplished the construction of the sanitation block for Better Me in Kisumu Kenya which will now serve the children at the Korando school.

Community Updates

As part of the Ubuntu Family Initiative, we have delivered Art Kits to the schools in Sri Lanka we have sent new books to our market library in Peru, and have had special moments with our scholars as they head off back to high school.
